

The newly founded "FELS-Project" uses the positive energy of football to support Tanzanian youths in school matters and regarding their lifes' perspectives. At the beginning a few hundred children and adolescents get supported along the three project pillars Football, Education and Life Skills.

## Internship / Voluntary Service Football Development Aid m/f

Help us to establish a unique sports and educational development project in Mwanza/Tanzania!  
(Duration: 6-12 months; starting date: August/September; type: internship without payment)

### Responsibilities:

- Establishing two FELS HUBs and a regional FELS support concept as one of four members of an international project volunteer team on-site
- Organisation and holding of daily football trainings in our hubs and regular FELS coaching courses in the region
- Further development of the educational FELS offers in addition to school (homework support, English lessons)
- Social Work with the FELS kids (communicating values during the daily FELS activities and during specific life skills workshops)
- Public relations, networking and having a lot of fun during and after work

### Requirements:

- Willingness to make a difference after finishing school, during university or before the first job
- Good English knowledge and openness towards new cultures
- Enthusiasm for football and social work
- Organisational skills, flexibility, ambition and an autonomous working style
- Humour, team spirit and communication skills

### We provide:

- Introductory workshop in Germany and introduction month in Tanzania
- Mentoring through Tanzanian project leader and German project team
- Improving your skills in project management, social work and football coaching
- Opportunity to bring your own ideas in and to become part of a young project team in the long run
- Enough days off to discover Africa's probably most beautiful country (Serengeti, Zanzibar, Mount Kilimanjaro)
