XIX International Symposium of Sports Sciences, Exercise and Health

May 6th to May 10th, 2013. University of Costa Rica

The Symposium has been organized since 1994 by the Physical Education and Sport Department of the University of Costa Rica. The Symposium is the main scientific activity in Central America about sport, exercise and health sciences. From the beginnings of the Symposium, we have had several international and national expositors.

The main topics of the Symposium are:

• Sport Training
• Exercise Physiology
• Exercise and Health
• Physical Activity and Sport
• Sport and Exercise Psychology
• Woman, Sport, Physical Activity and Health
• Recreation
• Adapted Physical Activity and Sport
• Sport Management
• Physical Education
• Psychomotricity
• First Aids applied to Sport and Exercise
• Sport and Physical Activity Nutrition

We are interested to receive proposals for lectures, dissertations and also for workshops about the topics set out above.

If you want to send us a proposal for a dissertation or lecture and also for a poster presentation, please contact to M.Sc. Gerardo Araya Vargas, E-mail: gerardo.araya@ucr.ac.cr, Tel.: (506) 2511-2946· Fax: (506) 2225-0749.

If you want to send us a proposal for a workshop, please contact to M.Sc. Danoval Smith Barr, E-mail: danoval.smith@gmail.com, Tel.: (506) 2511-2948· Fax: (506) 2225-0749.

Deadline to receive proposals are March 1st, 2013.

Expositors don’t have to pay inscription for the Symposium.
