The Swiss Academy for Development (SAD) is a centre of excellence for sport and development that uses sport and play to empower disadvantaged children and young people in Switzerland and internationally to become healthy, educated and employed citizens. Children and young people acquire basic skills through sport & play, which help them to deal with the challenges of daily life and to actively shape their lives. SAD implements all of its projects in partnership with local organisations. SAD focuses on solid monitoring and evaluation and uses evidence-based approaches to development.

SAD is offering an
